

EAST SIDE HEALTH DISTRICT
preventive health & education services

Public Health
Prevent. Promote. Protect.

2017

Annual Report

Greetings:

East Side Health District was 80 years on April 16, 2017. Many things have transpired since its inception is committed to motivating residents to live healthy, active lifestyles through promoting good health practices, protecting communities from disease and preventing illness and injuries in Canteen, Centreville, East St. Louis and Stites Townships.

The vision of East Side Health District is to be a catalyst for the surrounding communities by cultivating wellness, community empowerment and policy change through client service, education and cross-organizational collaboration.

The State of Illinois is still in a state of turmoil. Many changes and challenges lay before us. One constant is the commitment of East Side Health District to stand strong during fiscal challenges that affect the continued operation of its public health sector. I am proud to announce that East Side Health District has continued to provide quality preventive care services and innovative ideas to bring health care to our community.

The Health Department is an integral part of the community. East Side Health District will continue to promote, protect and serve the citizens. Therefore, it is with great pleasure that the staff of East Side Health District would like to extend a "THANK YOU" to the Board of Health and all of the citizens within our jurisdiction and present our 2016 Annual Report for review.

Your public servant,

Elizabeth Patton-Whiteside

Public Health Administrator
